

LEOCH -BIKE 12V 6Ah Starter Battery

Battery / Accu | LEOCH | EBX7A-BS

100 CCA high-cranking power ensures prompt engine ignition, even in colder ambient temperatures, minimising starting delays and enhancing rider confidence. This lead-acid battery provides dependable starting power and onboard electrical support for a broad spectrum of motorcycle applications.

Features

- Reliable engine starting with 100CCA power ensures your motorcycle ignites promptly, even in colder temperatures, minimizing starting delays and enhancing rider confidence.
- Specifically engineered for motorcycle applications, this battery provides the essential starting power required for a broad spectrum of two-wheeled vehicles.
- Utilizing proven lead-acid technology, the battery offers a dependable and cost-effective power solution for ignition and onboard electronics.
- Designed for straightforward fitment with standard terminal configurations, ensuring compatibility with most motorcycle electrical systems.
