

EXIDE 12V 110Ah Starter Battery

Battery / Accu | EXIDE | EG1100

This 12V 110Ah battery delivers 750A cold-cranking power for reliable starts in demanding construction, agricultural, and commercial vehicles, even below freezing. Its robust design withstands severe vibration and temperature fluctuations, ensuring extended service life where downtime is costly.

Features

- Delivers 750A cold-cranking power to ensure reliable starting performance for large engines, even in sub-zero temperatures, minimizing operational delays.
- Specifically engineered for heavy-duty commercial vehicles, construction equipment, and agricultural machinery, providing dependable power where downtime is costly.
- Features robust construction designed to withstand extreme vibrations and temperature fluctuations common in demanding work environments, ensuring extended service life.
- Offers a high 110Ah capacity for sustained power delivery, supporting multiple start attempts and auxiliary electrical systems without compromising starting power.
