

EXIDE 12V 72Ah Start-Stop Battery

Battery / Accu | EXIDE | EK720

Commercial fleets need 700A cold-cranking power for reliable starts in extreme temps, minimizing downtime. This AGM battery is engineered for start-stop vehicles with high energy demands, ensuring seamless operation and extended life via superior vibration resistance.

Features

- 700A cold-cranking power ensures reliable engine starts in extreme temperatures, minimizing downtime for commercial fleets.
- Specifically engineered for vehicles with start-stop functionality and high energy demands, ensuring seamless operation.
- AGM technology provides superior vibration resistance and deep discharge capability for extended battery life and consistent performance.
- Maintenance-free design and robust construction offer dependable power and peace of mind for professional applications.
