

# EXIDE 12V 80Ah Start-Stop Battery

Battery / Accu | EXIDE | EL800

EFB technology sustains performance under frequent deep discharge and high charge rates, delivering reliable engine restarts and consistent power for Start-Stop systems. Engineered for vehicles with Start-Stop technology and regenerative braking, it provides up to twice the cycle life of standard batteries.

### Features

- Delivers reliable engine restarts and consistent power for Start-Stop systems, ensuring driver comfort and fuel efficiency.
- Engineered for vehicles with Start-Stop technology and regenerative braking, providing up to twice the cycle life of standard batteries.
- Utilizes EFB technology for enhanced performance and durability under frequent deep discharge and high charge rates.
- Designed for high vibration resistance and optimal electrical performance, ensuring long-term reliability in demanding automotive applications.
