

# EXIDE AGM 12V 180Ah Start-Stop Battery

Battery / Accu | EXIDE | EP1500

Without 900A of cold-cranking power, engine starts in demanding automotive applications are compromised, risking operational delays. This AGM battery delivers the high-current ignition reliability essential for advanced Start-Stop systems and high electrical loads.

### Features

- Delivers 900A of cold-cranking power for reliable engine starts in all conditions, ensuring your vehicles are always ready to go.
- Specifically engineered for demanding automotive applications, including vehicles with advanced Start-Stop systems and high electrical loads.
- Utilizes advanced AGM technology for superior vibration resistance and maintenance-free operation, offering enhanced safety and reduced service intervals.
- Designed for robust performance and longevity, ensuring consistent power delivery and protecting sensitive vehicle electronics.
