

EXIDE 12V 80Ah Starter Battery

Battery / Accu | EXIDE | ER350

510A of cold-cranking power ensures immediate engine ignition in any weather, minimising fleet downtime. This hybrid technology battery is engineered for broad passenger and light commercial vehicle integration, sustaining consistent performance throughout its service life.

Features

- Ensures reliable engine starts in all weather conditions with 510A of cold-cranking power, minimizing downtime and operational disruptions.
- Engineered for a broad spectrum of passenger and light commercial vehicles, offering a dependable starting solution for diverse fleet needs.
- Utilizes advanced hybrid technology for a balance of high starting power and resilience, ensuring consistent performance throughout its service life.
- Designed for robust operation, the battery's construction offers superior resistance to vibrations and extreme temperatures, protecting your investment.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	COLD CRANKING AMPS (EN)	WEIGHT	HOLD-DOWN TYPE
12 V	80 Ah	510 A	17,4 kg	B01

Technical Specifications

General Information		Electrical Specifications	
Technology	Starter Battery	Nominal Voltage	12 V
Chemistry	Lead-Acid	Rated Capacity (C20)	80 Ah
Physical Specifications		Cold Cranking Amps (EN)	510 A
Length	260 mm	Layout	
Width	175 mm	Terminal Position	+L
Height	225 mm	Hold-Down Type	B01
Weight	17,4 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **ER350**
 EAN/Barcode: **3661024036009**
