

EXIDE GEL 12V 210Ah Deep Cycle Battery

Battery / Accu | EXIDE | ES2400

Sustained power delivery for extended use is achieved through 210Ah GEL technology, ensuring onboard systems remain operational during long trips and demanding applications. This battery is engineered for Marine, Caravan, and Camper environments, providing deep power for essential equipment and amenities.

Features

- Delivers sustained power for extended use with a 210Ah capacity, ensuring your onboard systems remain operational during long trips and demanding applications.
- Engineered for Marine, Caravan, and Camper applications, providing reliable and deep power for essential equipment and amenities.
- Features GEL battery technology for enhanced deep discharge tolerance and minimal maintenance, offering dependable performance and reduced service requirements.
- Built for durability with a robust construction that withstands vibrations and temperature fluctuations, ensuring reliable operation in challenging environments.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	COLD CRANKING AMPS (EN)	WEIGHT	HOLD-DOWN TYPE
12 V	210 Ah	1.030 A	63,5 kg	B00

Technical Specifications

General Information		Electrical Specifications	
Technology	Deep Cycle Battery	Nominal Voltage	12 V
Chemistry	Lead-Acid	Rated Capacity (C20)	210 Ah
Physical Specifications		Cold Cranking Amps (EN)	1.030 A
Length	518 mm	Layout	
Width	274 mm	Terminal Type	AUTOMOTIVE
Height	240 mm	Terminal Position	+L
Weight	63,5 kg	Hold-Down Type	B00
Case Type	C		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **ES2400**
 EAN/Barcode: **3661024035750**
