

# EXIDE GEL 12V 80Ah Deep Cycle Battery

Battery / Accu | EXIDE | ES900

Sustained power delivery for extended periods is achieved through 80Ah capacity and excellent deep discharge tolerance thanks to GEL technology. This battery offers reliable, deep-cycle performance specifically designed for marine, caravan, and camper applications to support all your mobile power needs.

### Features

- With 80Ah capacity and excellent deep discharge tolerance thanks to GEL technology, this battery provides sustained power for extended periods, keeping your essential equipment running longer.
- Specifically designed for marine, caravan, and camper applications, it delivers reliable, deep-cycle performance to support all your mobile power needs.
- The advanced GEL electrolyte technology offers superior vibration resistance and deep discharge capability, ensuring a longer service life and consistent performance compared to conventional batteries.
- Featuring a robust construction and 540A cold-cranking amps, it ensures reliable starts and power delivery even in demanding environments.
