

EXIDE 12V 180Ah Semi-Traction Battery

Battery / Accu | EXIDE | ET1300

Engineered with a 4% Antimony (Sb) alloy construction, this battery enhances durability for demanding deep discharge cycles, extending operational periods between charges. Its semi-traction design sustains consistent power delivery for forklifts, pallet trucks, and industrial sweepers, ensuring uninterrupted workflow.

Features

- Extended 180Ah capacity ensures prolonged operational periods between charges, keeping your equipment running longer.
- Engineered for semi-traction applications, including forklifts, pallet trucks, and industrial sweepers, providing sustained power for demanding tasks.
- Features a 4% Antimony (Sb) alloy construction, enhancing durability and performance for frequent deep discharge cycles.
- Designed with a robust casing and reliable terminal connections for safe and secure integration into various vehicle systems.
