

EXIDE 12V 135Ah Semi-Traction Battery

Battery / Accu | EXIDE | ET950

Designed for multi-shift traction, this 12V 135Ah battery offers sustained deep discharge resilience with advanced plate technology for maximum uptime. It provides consistent power for electric forklifts, floor scrubbers, and golf carts.

Features

- Sustained power delivery for extended discharge cycles, ensuring operational continuity for electric vehicles and equipment.
- Engineered for electric mobility applications such as forklifts, floor scrubbers, and golf carts, providing reliable deep-cycle performance.
- Advanced plate technology designed for deep discharge and recharge cycles, maximizing operational uptime and service life.
- Robust construction and 12V system compatibility ensure dependable integration into a wide array of industrial and recreational equipment.
