

EXIDE 6V 165Ah Starter Battery

Battery / Accu | EXIDE | EU165-6

900A charging current delivers rapid and reliable engine cranking, ensuring equipment starts quickly even in cold weather. Engineered for heavy-duty trucks and industrial vehicles, this 6V hybrid battery provides balanced performance with deep cycling resilience and high cranking power.

Features

- Delivers 900A charging current for rapid and reliable engine cranking, ensuring your equipment starts quickly even in cold weather.
- Engineered for heavy-duty trucks, agricultural machinery, and industrial vehicles requiring dependable 6V starting power.
- Features hybrid technology for a balanced performance, combining deep cycling resilience with high cranking power.
- Designed with robust construction for superior vibration resistance and longevity in demanding operational environments.
