

# VARTA Promotive SLI 12V 88Ah Starter Battery

Battery / Accu | VARTA | F10

Demanding operational intensity across passenger vehicles and light commercial applications requires consistent engine starting power. PROM-SLI technology delivers 680A of cold-cranking power for immediate starts, even in extreme temperatures, extending service life and reducing total cost of ownership.

### Features

- Delivering 680A of cold-cranking power, the VARTA F10 ensures immediate and reliable engine starts, even in extreme temperatures, minimizing downtime and driver inconvenience.
- Engineered for passenger vehicles and light commercial applications, this battery provides the robust starting power essential for daily operation and demanding workloads.
- Featuring advanced PROM-SLI technology, the VARTA F10 offers superior performance and extended service life compared to standard flooded batteries, reducing replacement frequency and total cost of ownership.
