

LEOCH 48V 105Ah Industrial Battery

Battery / Accu | LEOCH | GP48-105

Sustained 105Ah capacity provides ample energy reserves for extended operational periods, ensuring critical systems remain powered during fluctuations. This LiFePO4 technology offers enhanced safety, superior cycle life, and consistent voltage output, ideal for industrial automation and backup power.

Features

- Sustained 105Ah capacity provides ample energy reserves for extended operational periods, ensuring critical systems remain powered during fluctuations.
- Ideal for industrial automation, backup power systems, and renewable energy storage, offering dependable performance in continuous operation scenarios.
- Utilizes LiFePO4 technology for enhanced safety, superior cycle life, and consistent voltage output compared to conventional battery chemistries.
- Includes integrated cabling for straightforward installation and compatibility, designed to meet stringent industrial safety and performance standards.

NOMINAL VOLTAGE

48 V

RATED CAPACITY (C20)

105 Ah

WEIGHT

45 kg

Technical Specifications

General Information

Technology	Industrial Battery
Chemistry	LiFePO4 (Lithium Iron Phosphate)

Physical Specifications

Length	527 mm
Width	310 mm
Height	263 mm
Weight	45 kg

Electrical Specifications

Nominal Voltage	48 V
Rated Capacity (C20)	105 Ah

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **GP48-105**
