

# LIFELINE AGM 12V 255Ah Deep Cycle Battery

Battery / Accu | LIFELINE | GPL-8DL

Demanding deep-cycle operation across extended periods requires sustained energy delivery. Advanced AGM technology ensures maintenance-free operation and enhanced vibration resistance, providing reliable energy for critical onboard systems.

## Features

- Delivers sustained power for extended periods with a 255Ah capacity, ensuring your critical onboard systems remain operational.
- Engineered for demanding marine environments and industrial applications like cleaning machines and forklifts, providing reliable energy.
- Features advanced AGM technology for maintenance-free operation, enhanced vibration resistance, and superior deep-cycle performance.
- Designed for reliable integration into 12V marine and industrial systems, offering robust protection against shock and vibration.

NOMINAL VOLTAGE

**12 V**

RATED CAPACITY (C20)

**255 Ah**

WEIGHT

**71 kg**

HOLD-DOWN TYPE

**B00**

## Technical Specifications

### General Information

Technology	Deep Cycle Battery
Chemistry	Lead-Acid

### Physical Specifications

Length	530 mm
Width	280 mm
Height	240 mm
Weight	71 kg
Case Type	8D

### Electrical Specifications

Nominal Voltage	12 V
Rated Capacity (C20)	255 Ah

### Layout

Terminal Type	G
Terminal Position	+R
Hold-Down Type	B00

## Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3  
Regulatory: CE | Bebat | ADR

## Product Identification

Item Code: **GPL-8DL**  
Manufacturer Code: **GPL-8DL**
