

# LIFELINE 2V 1200Ah Stationary Battery

Battery / Accu | LIFELINE | GPL-L16-2V

For critical infrastructure, reserve energy capacity ensures operational continuity during outages. This 1200Ah AGM unit sustains essential systems for extended durations with maintenance-free, vibration-resistant reliability.

### Features

- With 1200Ah of reserve energy, this battery ensures extended operational uptime for critical systems during power interruptions.
- Designed for telecommunications, data centers, and renewable energy storage, providing steadfast power for essential infrastructure.
- AGM technology delivers maintenance-free operation and superior vibration resistance, ensuring reliability in challenging environments.
- Engineered for stationary applications, offering a stable and dependable power source for uninterruptible power supplies.
