

GYS FLASH5024 Professional Booster Pack

Jump Starter / Booster | GYS | GYS029620

The 50A rapid recovery charging current delivers immediate power to depleted 12-24V batteries, significantly reducing vehicle downtime. Engineered for heavy-duty applications, this professional booster pack provides high-amperage starting power essential for large engines in challenging conditions.

Features

- Delivers rapid battery recovery with a 50A charging current, significantly reducing vehicle downtime.
- Engineered for heavy-duty applications, supporting both 12V and 24V systems commonly found in commercial vehicles and machinery.
- Provides high-amperage starting power essential for jump-starting large engines in challenging conditions.
- Built for professional environments requiring reliable and consistent performance under frequent use.

WEIGHT

6 kg

Technical Specifications

Voltage Support		Physical Specifications	
12V Support	? Yes	Length	300 mm
24V Support	? Yes	Width	105 mm
		Height	292 mm
		Weight	6 kg

Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281
Regulatory: CE | Bebat | ADR
