

GYS 083240 12V Conductance Tester

Battery Tester / Accutester | GYS | GYS083240

Automotive workshops require testers that confirm 6V and 12V battery health for 7-240Ah capacities, preventing roadside failures. Advanced conductance testing provides non-invasive, rapid, and precise battery condition evaluation, ensuring broad vehicle compatibility.

Features

- Accurately assesses 6V and 12V batteries with capacities ranging from 7Ah to 240Ah, ensuring broad vehicle compatibility.
- Designed for automotive workshops and service centers to quickly diagnose battery health and prevent roadside failures.
- Utilizes advanced conductance testing technology for non-invasive, rapid, and precise battery condition evaluation.
- Provides clear pass/fail results and voltage readings, facilitating efficient decision-making for battery replacement or maintenance.

WEIGHT

2 kg

Technical Specifications

Test Capabilities		Battery Type Support	
Battery Testing	? Yes	Flooded Lead-Acid	? Yes
Voltage Support		AGM	? Yes
12V Support	? Yes	GEL	? Yes
		EFB	? Yes
Physical Specifications			
Weight			2 kg

Regulatory Compliance

Standards: EN 61010-1, EN 61326-1
Regulatory: CE

Product Identification

Item Code: GYS083240
Model: GYS083240
