

TROJAN 6V 360Ah Deep Cycle Battery

Battery / Accu | TROJAN | J305H-AC

Sustained 360Ah capacity delivers power for extended operational periods, preventing premature equipment downtime. Advanced lead-acid technology ensures dependable deep-cycle performance capable of withstanding repeated charge and discharge cycles.

Features

- Delivers sustained power for extended operational periods with a robust 360Ah capacity, keeping your equipment running longer.
- Engineered for diverse heavy-duty applications including cleaning machines, golf cars, marine, and AGVs, ensuring reliable performance across industries.
- Utilizes advanced lead-acid technology for dependable deep-cycle performance, capable of withstanding repeated charge and discharge cycles.
- Optimized dimensions and weight for seamless integration into various equipment, providing a stable and secure power solution.
