VARTA Promotive SLI 12V 140Ah Starter Battery

Battery / Accu | VARTA | K8

When specifying starter batteries for extreme temperature reliability, 800A cold-cranking power ensures consistent engine ignition across demanding commercial fleets. This advanced lead-acid technology sustains performance in vibration-prone, high-usage environments, extending service life for heavy-duty applications.

Features

- Delivers 800A of cold-cranking power, ensuring reliable engine starts in extreme temperatures and reducing the risk of costly service calls for commercial fleets.
- Specifically engineered for the rigorous demands of heavy-duty trucks, buses, and agricultural machinery, guaranteeing performance in vibration-prone and high-usage environments.
- Utilizes advanced lead-acid technology for optimized power delivery and extended service life, providing a dependable and cost-effective energy solution for commercial operations.
- Designed with robust construction to withstand the harsh conditions of commercial vehicle use, offering superior vibration resistance and a longer operational lifespan.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	COLD CRANKING AMPS (EN)	WEIGHT	HOLD-DOWN TYPE
12 V	**140 Ah**	**800 A**	**34,76 kg**	**B03**

Technical Specifications

General Information

Technology	**Starter Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**513 mm**
Width	**189 mm**
Height	**223 mm**
Weight	**34,76 kg**
Case Type	**A**

Electrical Specifications

Nominal Voltage	**12 V**
Rated Capacity (C20)	**140 Ah**
Cold Cranking Amps (EN)	**800 A**

Layout

Terminal Type	**AUTOMOTIVE**
Terminal Position	**+L**
Hold-Down Type	**B03**

Regulatory Compliance

CE

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**K8**
EAN/Barcode:	**4016987166345**
Manufacturer Code:	**K8**
Model:	**Promotive SLI**
