

LEOCH -BIKE 12V 30Ah Starter Battery

Battery / Accu | LEOCH | L60-N30L-A

Consistent 300A cold cranking power ensures reliable engine starts across all operational conditions, minimizing downtime. Engineered for motorcycle applications, this advanced lead-acid battery provides the vibration resistance and dependable power output required for two-wheeled vehicles.

Features

- Consistent 300A cold cranking power ensures reliable engine starts in all conditions, minimizing downtime and ensuring your motorcycle is always ready to ride.
- Engineered specifically for motorcycle applications, providing the high vibration resistance and dependable power output required for two-wheeled vehicles.
- Utilizes advanced lead-acid technology for a proven and cost-effective power solution, delivering robust performance for everyday riding and demanding journeys.
- Designed for straightforward installation with standard terminal configurations, ensuring broad compatibility with most motorcycle electrical systems.
