

# LEOCH 8V 188Ah Stationary Battery

Battery / Accu | LEOCH | LDC8-188B

Continuous high-load operation across extended periods demands energy storage that sustains performance under consistent demand. This 8V battery delivers 188Ah for reliable, extended operational uptime in critical stationary power systems.

### Features

- Delivers 188Ah of reliable energy storage, ensuring extended operational uptime for critical systems and applications.
- Engineered for stationary power needs in data centers, telecommunications, and backup power solutions.
- Features a robust construction for dependable performance and longevity in demanding environments.
- Optimized dimensions and weight for seamless integration into standard battery cabinets and racks.
