

VARTA Professional EFB 12V 240Ah Start-Stop Battery

Battery / Accu | VARTA | LED240

Power your demanding applications with the VARTA Professional EFB Dual Purpose battery. Engineered for reliability and superior performance, it's the ideal choice for both starting and deep-cycle needs.

Features

- With 1200A Cold Cranking Amps, this battery ensures reliable engine ignition even in challenging cold weather, critical for marine and RV starting needs.
- Specifically engineered for dual-purpose applications, it excels in managing both the high current demands of engine starting and the sustained energy needs of onboard electronics in caravans and boats.
- Leveraging EFB (Enhanced Flooded Battery) technology, it offers superior cycle life and charge acceptance compared to conventional flooded batteries, making it ideal for frequent deep discharges.
- Built to withstand the rigors of mobile environments, its robust construction provides resilience against vibrations common in marine and RV usage, ensuring long-term dependability.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	COLD CRANKING AMPS (EN)	WEIGHT	HOLD-DOWN TYPE
12 V	240 Ah	1.200 A	59,47 kg	B00

Technical Specifications

General Information		Electrical Specifications	
Technology	Start-Stop Battery	Nominal Voltage	12 V
Chemistry	Lead-Acid	Rated Capacity (C20)	240 Ah
Physical Specifications		Cold Cranking Amps (EN)	1.200 A
Length	518 mm	Layout	
Width	274 mm	Terminal Type	AUTOMOTIVE
Height	242 mm	Terminal Position	+L
Weight	59,47 kg	Hold-Down Type	B00
Case Type	C EFB		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **LED240**
 EAN/Barcode: **4016987167090**
 Manufacturer Code: **LED240**
 Model: **Professional EFB**
