

LEMANIA Charger Flash 24V 35A Fast

Battery Charger / Acculader | LEMANIA | LEM-F35

Rapidly restore vehicle operational status with a high 35A charging current, sustaining fleet readiness through demanding duty cycles. This 12-24V charger provides efficient power delivery, ensuring minimal downtime and maximum uptime.

Features

- Rapidly restore battery power with a high 35A charging current, ensuring vehicles are operational with minimal delay.
- Engineered for the rigorous demands of the automotive sector, providing reliable charging for diverse vehicle types.
- Delivers fast and efficient charging across a broad 12-24V input voltage range, offering operational flexibility.
- Designed for automotive use, its durable construction and 6kg weight ensure dependable performance in workshop environments.
