

LEMANIA Jumpstarter Portable 12V 1600A Lithium Jump Starter

Jump Starter / Booster | LEMANIA | LEM-H75

1600A peak current delivers immediate power to start engines, ensuring rapid recovery from battery failure. Its advanced lithium battery technology provides consistent performance across automotive, marine, and camper applications.

Features

- With 1600A peak current, this jump starter provides the immediate power needed to start engines, ensuring rapid recovery from battery failure.
- Engineered for automotive, marine, and camper applications, offering a versatile and reliable power solution across diverse operational environments.
- Utilizes advanced lithium battery technology for high energy density and consistent performance, ensuring multiple jump starts on a single charge.
- Features comprehensive safety protections including spark prevention and reverse polarity safeguarding for secure and worry-free operation.

PEAK CURRENT

1.600 A

WEIGHT

2,6 kg

Technical Specifications

Starting Power

Peak Current **1.600 A**

Voltage Support

12V Support **? Yes**

Physical Specifications

Length **250 mm**
 Width **280 mm**
 Height **60 mm**
 Weight **2,6 kg**

Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **LEM-H75**
 Manufacturer Code: **LEM-H75**
 Model: **Jumpstarter Portable**
