

# LEMANIA Booster Lithium Portable 24V 1200A Jump Starter

Jump Starter / Booster | LEMANIA | LEM-X11-1224V

1200A peak current delivery reliably starts 24V heavy-duty systems, ensuring operational continuity for critical automotive, marine, and camper applications. Advanced lithium-ion technology provides superior power density and an extended lifespan over conventional boosters.

## Features

- Delivers 1200A peak current to reliably start 24V systems, ensuring minimal downtime for critical operations.
- Engineered for diverse heavy-duty applications including automotive, marine, and camper vehicles, offering broad operational utility.
- Utilizes advanced lithium-ion technology for superior power density, faster charging, and extended lifespan over conventional boosters.
- Features a wide input voltage range of 11–1224V, providing operational flexibility and compatibility in varied charging scenarios.

PEAK CURRENT

**1.200 A**

WEIGHT

**2,1 kg**

## Technical Specifications

### Starting Power

Peak Current **1.200 A**

### Voltage Support

24V Support **? Yes**

### Physical Specifications

Weight **2,1 kg**

## Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281  
Regulatory: CE | Bebat | ADR

## Product Identification

Item Code: **LEM-X11-1224V**  
Manufacturer Code: **LEM-X11-1224V**  
Model: **Booster Lithium Portable**
