

LEMANIA 12V 1800A Lithium Jump Starter

Jump Starter / Booster | LEMANIA | LEM-X13-12V

1800A peak current reliably starts 12V lithium-ion batteries, ensuring vehicles are operational for automotive, marine, and heavy-duty applications. Advanced lithium-ion technology provides superior performance and longevity compared to traditional jump starters.

Features

- Deliver 1800A peak current to reliably start 12V lithium-ion batteries, ensuring your vehicles are ready to go.
- Engineered for automotive, marine, and heavy-duty applications, providing essential power for diverse operational needs.
- Utilizes advanced lithium-ion technology for superior performance and longevity compared to traditional jump starters.
- Features spark protection and reverse polarity protection for safe and secure operation around sensitive vehicle electronics.

PEAK CURRENT

1.800 A

WEIGHT

2,5 kg

Technical Specifications

Starting Power

Peak Current **1.800 A**

Voltage Support

12V Support **? Yes**

Physical Specifications

Weight **2,5 kg**

Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281
Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **LEM-X13-12V**
Manufacturer Code: **LEM-X13-12V**
Model: **LEM-X13-12V**
