

LEMANIA 12V Capacitor Booster

Jump Starter / Booster | LEMANIA | LEMC41800

Instantaneous 6000A charging current delivers rapid power recovery for reliable engine starts in demanding marine settings. This batteryless ultracapacitor technology provides a maintenance-free, long-lasting power solution engineered for harsh maritime environments.

Features

- Delivers instantaneous 6000A charging current for rapid power recovery and reliable engine starts in marine settings.
- Specifically engineered for the rigorous demands of marine applications, ensuring consistent performance in challenging maritime environments.
- Utilizes advanced ultracapacitor technology for a batteryless, long-lasting, and maintenance-free power solution.
- Robust 15kg construction built to withstand the harsh conditions of maritime operations.

PEAK CURRENT

6.000 A

WEIGHT

15 kg

Technical Specifications

Starting Power

Peak Current **6.000 A**

Voltage Support

12V Support **? Yes**

Physical Specifications

Length **440 mm**

Width **300 mm**

Height **230 mm**

Weight **15 kg**

Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281

Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **LEMC41800**
