

# LEMANIA 12V Professional Booster Pack

Jump Starter / Booster | LEMANIA | LEMP101600

Marine operations requiring rapid engine restart capacity benefit from 1600A peak current delivery, minimising downtime at sea. This professional booster pack integrates robust 12V power for immediate engine ignition and critical onboard system support.

### Features

- Delivers a powerful 1600A charging current for rapid and reliable engine starting, minimizing operational interruptions at sea.
- Specifically engineered for the demanding marine environment, ensuring dependable performance on yachts, fishing vessels, and commercial craft.
- Provides robust 12V power delivery, essential for jump-starting engines and powering critical onboard systems when you need them most.
- Designed for onboard practicality with a manageable 10kg weight, facilitating storage and deployment without compromising its powerful capabilities.

PEAK CURRENT

**1.600 A**

WEIGHT

**10 kg**

## Technical Specifications

### Starting Power

Peak Current **1.600 A**

### Voltage Support

12V Support **? Yes**

### Physical Specifications

Weight **10 kg**

## Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281  
Regulatory: CE | Bebat | ADR

## Product Identification

Item Code: **LEMP101600**
