

# LEMANIA 12V Professional Booster Pack

Jump Starter / Booster | LEMANIA | LEMP12500

Professional marine operations demand rapid engine starting under critical conditions, which 2500A peak current delivery ensures without delay. This professional-grade booster pack integrates seamlessly with vessel electrical systems to sustain auxiliary power and prevent critical downtime at sea.

### Features

- Delivering 2500A charging current, this booster ensures rapid and effective engine starting, minimizing time spent out of operation.
- Engineered specifically for the marine environment, it provides reliable power for critical starts and auxiliary needs aboard any vessel.
- Built with professional-grade components, the LEMP12500 offers exceptional durability and consistent performance in harsh maritime conditions.
- The 12V system and robust construction ensure compatibility and dependable operation for a wide range of marine electrical systems.

PEAK CURRENT

**2.500 A**

WEIGHT

**10 kg**

## Technical Specifications

### Starting Power

Peak Current **2.500 A**

### Voltage Support

12V Support **? Yes**

### Physical Specifications

Weight **10 kg**

## Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281  
Regulatory: CE | Bebat | ADR

## Product Identification

Item Code: **LEMP12500**
