

LEMANIA 12V Professional Booster Pack

Jump Starter / Booster | LEMANIA | LEMP153100

Delivering 3100A peak current, this marine booster ensures rapid engine ignition even in harsh conditions, minimizing vessel downtime. Its professional-grade design integrates seamlessly into marine electrical systems for sustained operational readiness.

Features

- Delivers a powerful 3100A charging current for fast and reliable engine starting in marine applications.
- Specifically engineered for the rigorous demands of marine environments, ensuring durability and performance on board.
- Provides essential starting power, minimizing downtime and ensuring operational readiness for all vessel types.
- Robust 12kg design offers a practical balance of portability and substantial jump-starting capability for marine use.

PEAK CURRENT

3.100 A

WEIGHT

12 kg

Technical Specifications

Starting Power

Peak Current **3.100 A**

Voltage Support

12V Support **? Yes**

Physical Specifications

Weight **12 kg**

Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281
Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **LEMP153100**
