

# LEMANIA 12V Professional Booster Pack

Jump Starter / Booster | LEMANIA | LEMP2ST1224V22

Ensure critical engine ignition in demanding marine applications with 5000A peak current for rapid starts, even with depleted batteries. Its saltwater-resistant construction offers exceptional durability and operational continuity for all maritime needs.

### Features

- Delivers robust starting power essential for marine engines, ensuring quick and reliable ignition even in challenging conditions.
- Specifically engineered for the demanding marine environment, offering superior durability and performance in saltwater conditions.
- Provides critical backup power for vessel operations, minimizing downtime and enhancing onboard safety for all maritime applications.
- Built with a substantial 15kg weight, indicating a durable construction designed to withstand the rigors of marine use.

PEAK CURRENT

**2.500 A**

WEIGHT

**15 kg**

## Technical Specifications

### Starting Power

Peak Current **2.500 A**

### Physical Specifications

Length **440 mm**

Width **300 mm**

Height **230 mm**

Weight **15 kg**

### Voltage Support

12V Support **? Yes**

24V Support **? Yes**

### Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281

Regulatory: CE | Bebat | ADR

### Product Identification

Item Code: **LEMP2ST1224V22**
