

# LEOCH 8V 5Ah Starter Battery

Battery / Accu | LEOCH | LFPs-Z14S

350 CCA starter power overcomes cold-start limitations in powersports, ensuring rapid engine ignition across wide temperature ranges. This powersports-specific battery provides stable voltage and extended service life for motorcycles, ATVs, and personal watercraft.

### Features

- Delivers robust 350CCA cold-cranking power for assured engine starts across a wide temperature range, ensuring your vehicle is ready when you are.
- Engineered specifically for powersports vehicles, including motorcycles, ATVs, and personal watercraft, providing a perfectly matched and reliable power solution.
- Utilizes advanced battery technology to offer stable voltage output and extended service life, protecting sensitive onboard electronics and reducing replacement frequency.
- Features a compact and lightweight design (150x87x93mm, 0.92kg) for easy installation and optimal vehicle weight distribution, without sacrificing cranking power.
