

LEOCH LP AGM 12V 10Ah Deep Cycle Battery

Battery / Accu | LEOCH | LP12-10H

Without advanced AGM technology, critical backup systems risk operational continuity during power outages. This battery sustains energy storage with enhanced vibration resistance and a longer service life compared to standard units.

Features

- Delivers reliable and consistent power for critical backup systems, ensuring operational continuity during power outages.
- Engineered for uninterruptible power supplies (UPS) and other essential standby applications.
- Utilizes advanced AGM technology for enhanced vibration resistance and a longer service life compared to standard batteries.
- Features a maintenance-free design, reducing operational overhead and ensuring hassle-free integration into existing systems.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT	HOLD-DOWN TYPE
12 V	10 Ah	3,2 kg	B00

Technical Specifications

General Information		Electrical Specifications	
Technology	Stationary Battery	Nominal Voltage	12 V
Chemistry	Lead-Acid	Rated Capacity (C20)	10 Ah
Physical Specifications		Layout	
Length	151 mm	Terminal Type	T1
Width	65 mm	Terminal Position	+L
Height	111 mm	Hold-Down Type	B00
Weight	3,2 kg		
Case Type	N.B.		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **LP12-10H**
 Manufacturer Code: **LP12-10H**
 Model: **LP**
