

LEOCH LP AGM 12V 2.2Ah Deep Cycle Battery

Battery / Accu | LEOCH | LP12-2.2

UPS systems need 12V 2.2Ah standby power for uninterrupted operations. This LEOCH LP AGM battery offers maintenance-free, vibration-resistant energy for critical IT and security infrastructure protection during outages.

Features

- Delivering 2.2Ah capacity at 12V, this battery ensures your UPS systems maintain essential power during outages, safeguarding critical operations and data.
- Specifically engineered for UPS applications, this battery provides reliable standby power for IT infrastructure, security systems, and telecommunications equipment.
- Utilizing advanced AGM technology, this battery offers maintenance-free operation and enhanced vibration resistance for dependable, long-term performance.
- With compact dimensions of 71x48x103mm and a weight of 0.8kg, it offers flexible integration into various UPS systems without sacrificing performance.
