

LEOCH LP AGM 12V 2.8Ah Deep Cycle Battery

Battery / Accu | LEOCH | LP12-2.8

Extended backup power for critical systems is provided by its 2.8Ah capacity and 12V deep cycle performance, ensuring uninterrupted operation during power outages. Engineered for seamless integration into UPS systems, it delivers essential backup power for office environments, retail, and security applications.

Features

- Enjoy extended backup power for your critical systems, ensuring uninterrupted operation during power outages thanks to its 2.8Ah capacity and 12V deep cycle performance.
- Engineered for seamless integration into UPS systems, providing essential backup power for office environments, retail, and security applications.
- Benefit from maintenance-free operation and enhanced vibration resistance provided by advanced AGM technology, ensuring reliable performance and reduced upkeep.
- Compact and lightweight at just 1.1kg with dimensions of 133x34x104mm, this battery offers flexible installation options in space-constrained UPS units.
