LEOCH LP AGM 6V 4.5Ah Deep Cycle Battery

Battery / Accu | LEOCH | LP6-4.5S

Advanced AGM technology provides maintenance-free operation and enhanced vibration resistance, ensuring reliable backup power for critical electronic equipment and IT infrastructure. This battery guarantees uninterrupted operational continuity during power fluctuations with its deep cycle capability.

Features

- Delivering 4.5Ah of capacity, this battery provides extended runtime for your UPS system, ensuring critical operations continue uninterrupted during power fluctuations.
- Specifically engineered for UPS applications, this battery guarantees reliable backup power for sensitive electronic equipment and IT infrastructure.
- Featuring advanced AGM technology, the battery offers maintenance-free operation and enhanced durability, eliminating the need for regular topping up and providing superior vibration resistance.
- Designed for straightforward integration, its compact 67x67x109mm form factor and spring terminals ensure compatibility and ease of installation within various UPS units.
