

LEOCH LP AGM 6V 5Ah Deep Cycle Battery

Battery / Accu | LEOCH | LP6-5.0

In UPS applications where grid power is unstable, this 6V 5Ah AGM battery sustains critical systems and prevents data loss. Its advanced AGM technology ensures maintenance-free operation and extended cycle life for dependable backup power.

Features

- With 5Ah capacity and 6V output, this battery provides sustained power to keep critical systems operational during outages, preventing data loss and service interruptions.
- Specifically designed for UPS applications, offering dependable backup power for sensitive electronics in IT, security, and industrial control systems.
- Utilizes advanced AGM technology for maintenance-free operation, enhanced vibration resistance, and extended cycle life compared to standard flooded batteries.
- Compact dimensions of 169 x 35 x 70 mm ensure easy integration into various UPS enclosures and confined spaces.
