

LEOCH -BIKE 12V 4Ah Starter Battery

Battery / Accu | LEOCH | LT4AL-BS

Without reliable starting power, your motorcycle risks failed ignition in critical moments, and the 60A Cold Cranking Amps of this battery ensure immediate engine turnover. Its lead-acid construction provides robust performance and sustained power delivery for dependable two-wheeled operation.

Features

- Reliable starting power with 60A Cold Cranking Amps ensures your motorcycle fires up instantly, even in colder temperatures, minimizing starting effort.
- Engineered specifically for motorcycle applications, providing dependable ignition and power for a wide array of two-wheeled vehicles.
- Robust lead-acid construction offers resilience against vibrations and temperature extremes common in motorcycle use, ensuring sustained performance.
- Compact and lightweight design facilitates straightforward installation across diverse motorcycle models, simplifying maintenance and upgrades.
