

LEOCH Bike AGM 12V 6.5Ah Starter Battery

Battery / Accu | LEOCH | LT6.5-3

In powersports environments where engine start reliability is critical, 70A Cold Cranking Amps ensure rapid ignition even in low temperatures. This AGM technology battery integrates vibration resistance and spill-proof safety for secure operation in mobile applications.

Features

- Reliable starting power is guaranteed by 70A Cold Cranking Amps, ensuring your motorcycle fires up quickly in any condition.
- Engineered specifically for the demanding environment of motorcycles and powersports vehicles, offering vibration resistance and spill-proof safety.
- AGM technology provides maintenance-free operation and enhanced durability compared to conventional flooded batteries.
- Compact and lightweight design with a standard terminal layout ensures easy fitment and broad compatibility across many motorcycle models.
