

POWERBOOZT 50V 500A Battery Isolator

Switch / Schakelaar | POWERBOOZT | MBS500-50DC

Withstanding a continuous 500A load and 1000A for 30 seconds, this battery switch ensures reliable power management for high-demand mobile systems. Its robust design provides essential circuit isolation for safety and protection against parasitic drain, safeguarding your battery investment.

Features

- Withstands a continuous 500A load and 1000A for 30 seconds, ensuring reliable power management for high-demand systems.
- Engineered for demanding mobile environments, including caravans, automotive, marine, and camper applications.
- Provides essential circuit isolation for safety and protection against parasitic drain, safeguarding your battery investment.
- Robust construction ensures durability and reliable operation under typical vehicle and vessel vibration and environmental conditions.

Technical Specifications

Regulatory Compliance

Standards: IEC 60947
Regulatory: CE

Product Identification

Item Code: **MBS500-50DC**
EAN/Barcode: **8720618147394**
Manufacturer Code: **MBS500-50DC**
Model: **MBS500-50DC**
