

TBB-POWER 12V Inverter-Charger

Inverter / Omvormer | TBB-POWER | MOBI-CC3.0L

Integrated inverter and charger functions provide a single-unit solution for unified mobile power management, delivering stable AC power from a 12V source. This unit is engineered for automotive, camper, and marine applications, ensuring essential devices remain operational wherever you are.

Features

- Delivers stable AC power for a wide range of appliances and electronics, ensuring your essential devices remain operational wherever you are.
- Engineered for automotive, camper, and marine environments, providing reliable power for vehicles and watercraft.
- Combines inverter and charger functions in a single unit, simplifying installation and power management for mobile applications.
- Built with durable components to withstand the vibrations and conditions typical of mobile and marine use.

CONTINUOUS POWER

3.000 W

WEIGHT

24 kg

Technical Specifications

Input		Power	
Nominal Input Voltage	12 V DC	Continuous Power	3.000 W
Physical Specifications			
Weight	24 kg		

Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011
Regulatory: CE

Product Identification

Item Code: **MOBI-CC3.0L**
Manufacturer Code: **MOBI-CC3.0L**
Model: **MOBI-CC3.0L**
