

LEOCH -BIKE AGM 12V 12Ah Starter Battery

Battery / Accu | LEOCH | MX14-4

A high-cranking 230 CCA ensures immediate engine ignition even in challenging temperatures, preventing critical operational delays. This AGM technology battery provides a stable, vibration-resistant power source specifically for motorcycle and powersports applications.

Features

- Delivers a powerful 230 CCA, ensuring fast and reliable engine starts even in challenging temperatures, so you can trust your vehicle will ignite on demand.
- Specifically designed for motorcycle and powersports applications, providing a stable and vibration-resistant power source for ignition and onboard electronics.
- Utilizes advanced AGM (Absorbent Glass Mat) technology for a completely maintenance-free experience and superior vibration resistance, offering enhanced longevity and reduced service requirements.
- Features a compact form factor with a standard terminal layout for seamless integration into a wide range of motorcycle chassis and electrical systems.
