

LEOCH 12V 13Ah Starter Battery

Battery / Accu | LEOCH | MX15-4

Powersports applications requiring dependable ignition demand a battery with exceptional cold-cranking power. The 240 CCA rating of this LEOCH battery guarantees engine starts even in challenging cold-weather conditions, ensuring operational continuity for motorcycles, ATVs, and personal watercraft.

Features

- Delivers 240A of cold-cranking power, ensuring your engine starts reliably even in challenging cold-weather conditions.
- Specifically designed for powersports vehicles including motorcycles, ATVs, and personal watercraft, ensuring optimal fitment and performance.
- Features a robust build and proven lead-acid technology for enduring performance and dependable starting power.
- Standard terminal configuration ensures broad compatibility with existing motorcycle and powersport electrical systems.

NOMINAL VOLTAGE

12 V

RATED CAPACITY (C20)

13 Ah

COLD CRANKING AMPS (EN)

240 A

WEIGHT

5,1 kg

Technical Specifications

General Information

| | |
|------------|------------------------|
| Technology | Starter Battery |
| Chemistry | Lead-Acid |

Physical Specifications

| | |
|--------|---------------|
| Length | 134 mm |
| Width | 89 mm |
| Height | 164 mm |
| Weight | 5,1 kg |

Electrical Specifications

| | |
|-------------------------|--------------|
| Nominal Voltage | 12 V |
| Rated Capacity (C20) | 13 Ah |
| Cold Cranking Amps (EN) | 240 A |

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
Regulatory: CE | Bebat | ADR
