

# LEOCH -BIKE AGM 12V 19Ah Starter Battery

Battery / Accu | LEOCH | MX16-4

340A Cold Cranking Amps ensures reliable ignition in freezing temperatures, delivering the high-current pulses essential for engine starting. Engineered with advanced AGM technology, this battery offers maintenance-free operation and superior vibration resistance for demanding motorcycle applications.

### Features

- With 340A Cold Cranking Amps, this battery ensures your motorcycle starts reliably even in freezing temperatures, keeping you on the road.
- Designed specifically for motorcycle applications, it offers a robust power solution engineered to withstand the rigors of road vibration and varied climates.
- Utilizing advanced AGM technology, this battery delivers maintenance-free operation and superior vibration resistance compared to conventional flooded batteries.
- The standard terminal layout and compact dimensions ensure straightforward integration with most motorcycle electrical systems, simplifying installation.
