

CTEK 12V 10A Smart Charger

Battery Charger / Acculader | CTEK | MXS.10

Across fixed and mobile DC power systems where re-installation is impractical, IP65 ingress protection and 10A charging current deliver fit-and-forget performance without recalibration. This intelligent smart charger rapidly restores battery power, minimising vehicle downtime and extending operational availability.

Features

- With a 10A charging current, the CTEK MXS.10 rapidly and efficiently restores battery power, minimizing vehicle downtime and maximizing operational availability.
- Engineered for resilience, its IP65 rating guarantees full protection against dust and water jets, making it perfectly suited for exposed outdoor applications in automotive, caravan, camper, and marine settings.
- Intelligent charging technology automatically adapts to the battery's condition, ensuring optimal charge and extending battery lifespan, thereby reducing replacement frequency and total cost of ownership.
- The robust, weatherproof design ensures reliable operation in harsh environmental conditions, providing confidence in performance across diverse applications.

NOMINAL OUTPUT VOLTAGE	MAX OUTPUT CURRENT	WEIGHT
12 V	10 A	1,11 kg

Technical Specifications

Output		Connectivity & Protection	
Nominal Output Voltage	12 V	Reverse Polarity Protection	? Yes
Max Output Current	10 A	Short Circuit Protection	? Yes
Physical Specifications			
Length	197 mm		
Width	93 mm		
Height	49 mm		
Weight	1,11 kg		
IP Rating	IP65		

Regulatory Compliance

CE Standards: EN 60335-2-29, EN 55014, EN 61000-3-2
 Regulatory: CE

Product Identification

Item Code: **MXS.10**
 Manufacturer Code: **MXS.10**
 Model: **MXS.10**
