

CTEK 24V 14A Smart Charger

Battery Charger / Acculader | CTEK | MXT.14

Delivers 14A to 24V batteries, ensuring rapid replenishment and minimal downtime for critical equipment. Its IP65 rating provides full protection against dust and water jets, enabling operation in harsh marine and outdoor environments.

Features

- Delivers a powerful 14A charging current to rapidly restore 24V batteries, ensuring minimal downtime for critical equipment.
- Engineered for resilience in harsh conditions, its IP65 rating offers full protection against dust ingress and high-pressure water jets, ideal for marine and outdoor use.
- Intelligent multi-stage charging technology actively monitors and adjusts output to optimize battery health and extend service life, preventing overcharging.
- Designed for diverse applications including automotive, caravan, camper, and marine, providing a reliable power solution across multiple vehicle types.

NOMINAL OUTPUT VOLTAGE	MAX OUTPUT CURRENT	INPUT VOLTAGE MAX	WEIGHT
24 V	14 A	240 V	2,27 kg

Technical Specifications

Input		Output	
Input Voltage Min	220 V	Nominal Output Voltage	24 V
Input Voltage Max	240 V	Max Output Current	14 A
Input Frequency	50-60 Hz	Supported Voltages	24V
Charging Features		Connectivity & Protection	
Charge Stages	8	Reverse Polarity Protection	? Yes
Supported Battery Types	WET, MF, Ca/Ca, AGM, GEL, EFB	Short Circuit Protection	? Yes
Physical Specifications			
Length	235 mm		
Width	130 mm		
Height	65 mm		
Weight	2,27 kg		
IP Rating	IP65		

Regulatory Compliance

CE Standards: EN 60335-2-29, EN 55014, EN 61000-3-2
Regulatory: CE
