VARTA Promotive SLI 12V 225Ah Starter Battery

Battery / Accu | VARTA | N9

1150A cold-cranking power ensures immediate engine starts for large-displacement diesel engines, even in sub-zero temperatures. Engineered for heavy-duty commercial vehicles, its PROM-SLI technology provides superior vibration resistance and extends service life.

Features

- Delivers 1150A of cold-cranking power, ensuring immediate and reliable engine starts for large-displacement diesel engines, even in sub-zero temperatures.
- Engineered specifically for heavy-duty commercial vehicles, including trucks, buses, and agricultural machinery, providing the robust power required for demanding operational cycles.
- Features PROM-SLI technology for superior vibration resistance and extended service life, minimizing costly downtime and replacement cycles in harsh working environments.
- Designed with a DIN B00 terminal configuration and robust casing, ensuring secure fitment and reliable connection in high-vibration applications.
