

OPTIMATE 12V 10A Smart Charger

Battery Charger / Acculader | OPTIMATE | OPT.7G

Rapid 10A charging current restores battery power quickly, ensuring vehicles and equipment are ready for immediate deployment. Intelligent multi-stage charging monitors battery status, automatically adjusting to prevent overcharging and prolong battery life across automotive, marine, and agricultural applications.

Features

- Delivers a rapid 10A charging current to restore battery power quickly, ensuring vehicles and equipment are ready for immediate deployment.
- Engineered for diverse applications including automotive, marine, and agricultural vehicles, providing consistent power management in demanding environments.
- Features intelligent multi-stage charging that monitors battery status and automatically adjusts to prevent overcharging and prolong battery life.
- Equipped with comprehensive safety features, including reverse polarity protection and short-circuit prevention, for secure and reliable operation.
