

LEMANIA 24V Switch

Switch / Schakelaar | LEMANIA | PART-LEM0841

12-24V voltage compatibility prevents system damage, ensuring flexible integration into diverse electrical architectures. This switch delivers dependable circuit control, offering a straightforward solution for power distribution in demanding automotive, heavy-duty, and marine applications.

Features

- Ensures reliable power control across 12-24V systems, facilitating flexible integration into diverse vehicle and equipment electrical architectures.
- Engineered for demanding Automotive, Heavy Duty, and Marine applications, providing robust electrical management in harsh operational environments.
- Designed for dependable circuit control, offering a straightforward yet effective solution for power distribution and system management.
- Compact and lightweight at 0.1kg, it simplifies installation and integration into existing electrical systems without compromising performance.

Technical Specifications

Regulatory Compliance

Standards: IEC 60947
Regulatory: CE

Product Identification

Item Code: **PART-LEM0841**
EAN/Barcode: **8720618148599**
Manufacturer Code: **PBBP0841**
Model: **PART-LEM0841**
