

## POWERBOOZT 12V Battery Charge Indicator

Accessory | POWERBOOZT | PB-CLI12V

Instant visual charge status prevents unexpected failures, optimising charging readiness for automotive 12V lead-acid batteries. This simple LED indicator provides an at-a-glance understanding of battery health without specialised equipment.

### Features

- Instant visual charge status ensures you always know your battery's readiness, preventing unexpected failures and optimizing charging.
- Specifically engineered for automotive 12V lead-acid batteries, offering precise charge level monitoring for cars, trucks, and motorcycles.
- Simple LED technology provides a clear, at-a-glance understanding of battery health without the need for specialized equipment.
- Designed for straightforward integration with standard automotive battery terminals, offering immediate diagnostic capability upon connection.

## Technical Specifications

### Regulatory Compliance

Regulatory: CE

### Product Identification

Item Code:

**PB-CLI12V**

EAN/Barcode:

**8720618148681**
